

February 6, 2022

Dear students, parents, staff and educational partners;

As with any community the start of semester 2 brings changes both on and off the court. Realizing success at United Scholastic Academy is not easy! Two a day practices are grueling and, high academic expectations are taxing both with respect to mental effort and dedication of time to studies. As such, life at United Scholastic Academy is not suited for everyone. To those staff, students, and families who have chosen to leave our family of campuses, we wish nothing but the best for you and your loved ones. The most recent change is a teaching change at the Inspire Campus, with Ms. Chubb having to leave for personal family reasons. Taking over the academic duties for English and Philosophy will be Mr. Ali Eshtiyaghi. Mr. Eshtiyaghi was the successful candidate and has already supply taught for the schools of United Scholastic Academy. He will be working closely with Ms. Haase and Coach Brown to ensure that the transition is a smooth one.

United Scholastic Academy and our four campuses have successfully completed Semester 1 of our first year in existence and have started Semester 2. The development and growth of the students, your children both on and off the court has been nothing short of impressive. Staff continue to engage in collaborative learning with our Head of Curriculum and myself, and have now completed all report card submissions. Students have adapted to the rigours and high expectations of both the athletic and academic programs across the four campuses; training and competition are the essence of the mission of United Scholastic Academy.

The vision of blending academics with athletics will require some explicit focus on SAT prep materials as appropriate; and will soon necessitate the start of Identification Camps. If you have any concerns or questions please reference the flow charts on how parents and guardians can address both academics and athletics.

Sincerely,

Chris Sarellas, Principal, United Scholastic Academy
